# Message from Mayor McCormac

Dear Woodbridge Township Resident,

The NEW Automated Trash Collection & Recycling Program has arrived for 2011.

The Automated Trash Collection & Recycling Program — the centerpiece of our continuing effort to provide the very best trash collection and recycling services to Township residents, home-owners, and businesses — is up-and-running throughout the entire Township.

Implemented in just 2 years (as opposed to the original 5-year timetable), the Automated Trash Collection & Recycling Program represents a significant milestone in our goal of cutting costs while maintaining and improving the level of services provided to Township residents. In fact, the Automated Trash Collection & Recycling Program continues to be tremendously successful in so many ways. It is cost-effective for the Township and for taxpayers and provides residents with a clean, convenient and attractive system for the disposal of household trash and recyclable materials.

Over the past 2 years, we met with residents from every community — Avenel, Colonia, Hopelawn, Fords, Iselin, Keasbey, Menlo Park Terrace, Port Reading, Sewaren and Woodbridge — to outline the benefits of the new trash collection system. With input from homeowners, residents and businesses, we improved system operations and pick-up schedules. As a result, we are realizing considerable savings. The new technology is saving Township taxpayers over \$5 million a year by reducing the 3-man work crew to a single driver, which allows us to cut the number of Sanitation Department employees needed to pick up trash, thereby reducing costs of disability insurance and workers compensation payments. Today, we have a total of 14 new fully-automated trash trucks (equipped with snow plows) that are larger and more efficient and can pack-in more trash, thus reducing trips to the County landfill ... which saves tens-of-thousands of dollars in landfill costs and thousands of gallons of fuel.

By now, everyone should be familiar with the trash and recycling collection schedule: your trash collection day (Mon., Tues., or Wed.) will not change, and your recycling pick-up day (Thurs. or Fri.) remains the same. The only change occurs for holiday pick-up — trash will always be collected once a week; your recycling collection schedule will change according to the holiday — please check the monthly schedule. Also, I'm pleased to announce that the FREE Special Bulk Waste Pick-up and Garage Sale program continues in 2011. Once again, we will pick-up bulk waste FREE-of-charge during the annual Spring clean-up program scheduled for March, April and May ... just check the calendar for the garage sale dates and FREE bulk pick-up dates for your neighborhood.

I'd like to remind everyone to **recycle and recycle again.** We designed the Automated Trash Collection and Recycling Program for ease in recycling. **ALL recyclable items** (cardboard, newspaper, mixed paper, bottles, cans, and plastics) **can now be placed together in the blue recycling container.** There is no need to separate any recyclable items. The more we recycle, the less we pay for landfill costs and the more we receive in payment when we sell our recycled materials. So, please recycle.

If you have additional questions regarding trash and recycling collection or the new Automated Trash Collection & Recycling Program, please contact the Public Works Department Sanitation Office at (732) 738-1311 x3600 or the Office of Recycling at (732) 738-1311 x3035 ... or log-on to the Township Web Page at [www.twp.woodbridge.nj.us](http://www.twp.woodbridge.nj.us).

Sincerely,

A handwritten signature in blue ink that reads "John E. McCormac".

**A Greener Community...**

**Woodbridge Introduces Automated Trash Collection**

# **AUTOMATED TRASH & RECYCLING COLLECTION**

The Township Sanitation Department provides for the **weekly curbside collection of household trash and recycling** through the Automated Trash Collection & Recycling Program, with trash pick-up on Monday/Tuesday/Wednesday and recycling collection on Thursday/Friday.

The Automated Trash & Recycling Collection System is now the **ONLY** system for trash collection in Woodbridge Township. Your household is located in a **Solid Waste District (SWD)**, and the number following (SWD 1, SWD 2, SWD 3) indicates your pickup day for trash collection. Your recycling information is designated as **Recycling District (RD)**, and the number following (RD 4, RD 5) indicates your pickup day for recycling collection.

The Automated Trash & Recycling Collection Program makes recycling even easier. There is no need to have separate collections for recyclable paper and commingled items. **ALL recyclable items** – cardboard, newspaper, mixed paper, bottles, cans, plastics – can now be placed out together for once per week collection in the blue recycling 95-gallon container.

You will see this Schedule Key at the bottom of each monthly page:

**SCHEDULE KEY:**

**SWD 1** = Solid Waste District 1: Woodbridge, Iselin

**SWD 2** = Solid Waste District 2: Colonia, Avenel

**SWD 3** = Solid Waste District 3: Port Reading, Sewaren, Hopelawn, Keasbey, Fords, Menlo Park Terrace

**RD 4** = Recycling District 4: Colonia, Avenel, Iselin

**RD 5** = Recycling District 5: Woodbridge, Port Reading, Sewaren, Hopelawn, Keasbey, Fords, Menlo Park Terrace

► Here is an example of a typical collection week, Jan. 24-28, 2011, Monday-Friday:

<b>24</b> SWD 1	<b>25</b> SWD 2	<b>26</b> SWD 3	<b>27</b> RD 4	<b>28</b> RD 5
--------------------	--------------------	--------------------	-------------------	-------------------

- On Jan. 24 trash will be collected from residents in Solid Waste District 1.
- On Jan. 25 trash will be collected from residents in Solid Waste District 2.
- On Jan. 26 trash will be collected from residents in Solid Waste District 3.
- On Jan. 27 recycling will be collected from residents in Recycling District 4.
- On Jan. 28 recycling will be collected from residents in Recycling District 5.

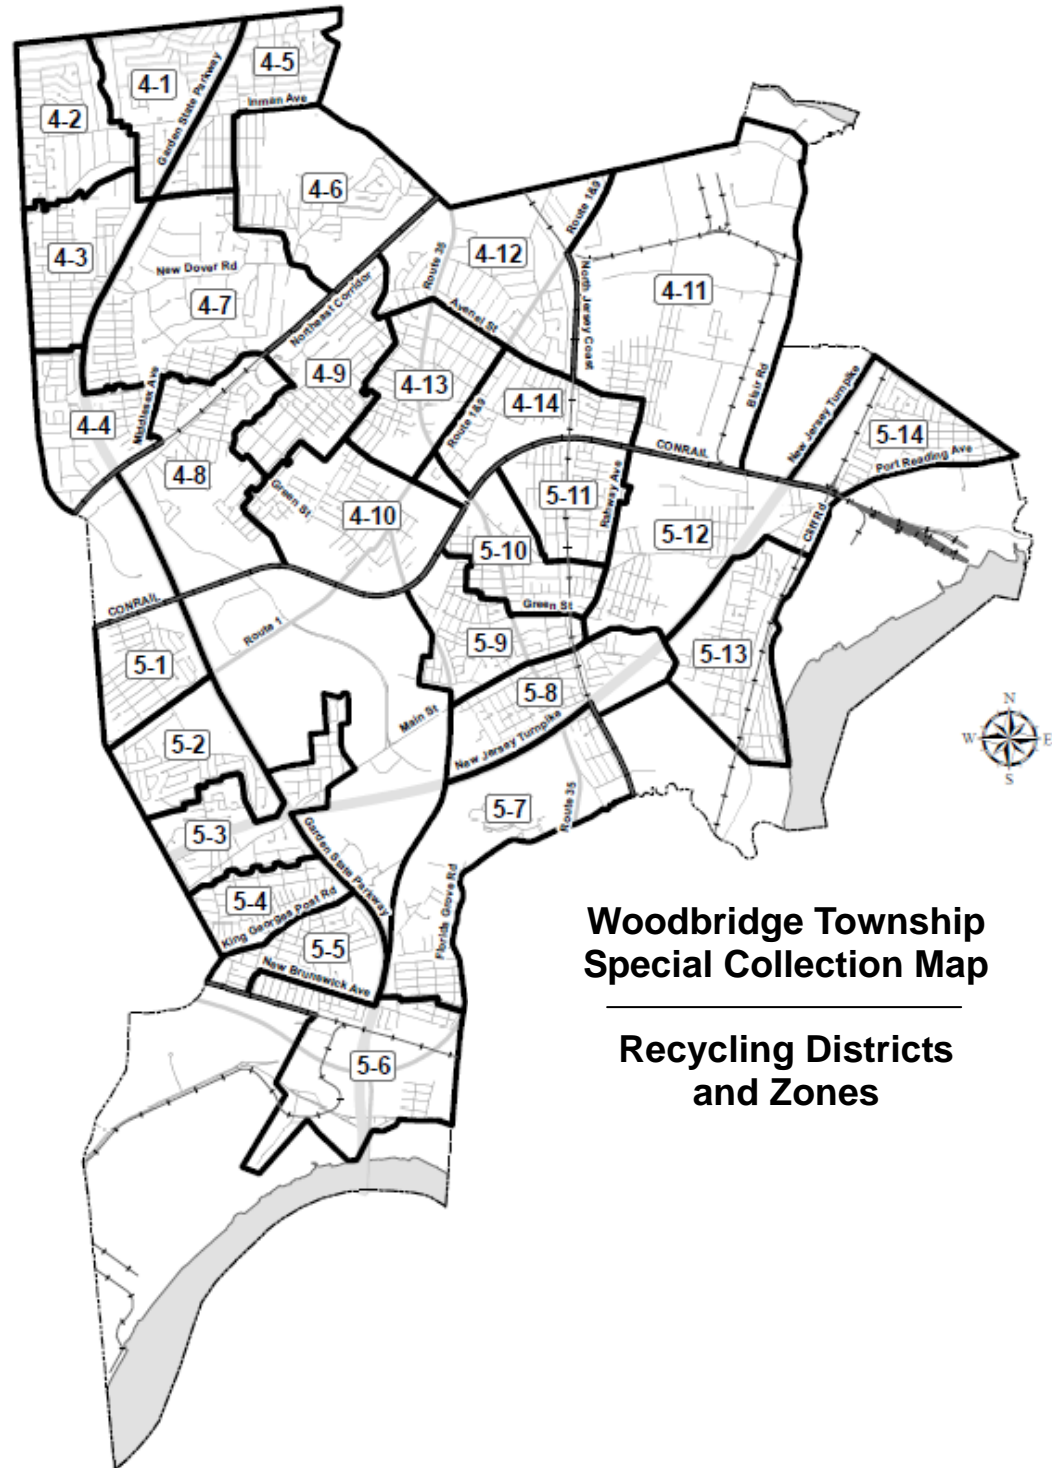

**R**ecycling has been mandatory in New Jersey since 1987, and it has paid off in a big way. State-wide, our recycling efforts annually save a total of 128 trillion BTU's of energy, equal to nearly 17.2% of all energy used by industry in the state. That's equivalent to **938 million gallons of gas** — the energy required to power **1.2 million homes in New Jersey for a year.** ✨

# Special Collection Schedules: Leaf & Christmas Tree

**Bagged Leaf Collection:** Starting the week of October 17, the Township will begin the Fall Bagged Leaf Collection Program. This program is in effect until Dec. 30, 2011.

To collect leaves more efficiently the Township requires that you bag your leaves in **biodegradable paper leaf bags**. Plastic bags are not acceptable to use for leaves while the leaf collection program is in effect.

**Leaf Bag Distribution:** During October, the Township distributes paper leaf bags to residents free of charge. A distribution schedule is published to let residents know dates, places and times they can pick up their bags. You can also check the Township web site at [www.twp.woodbridge.nj.us](http://www.twp.woodbridge.nj.us).

**Use of Paper Leaf Bags:** The biodegradable paper leaf bags are designated for “Leaves Only” and are to be used only while the leaf collection program is in effect. They are **not** intended to be used for household trash or other vegetative waste during this time. Only when the leaf collection program is **not in effect** will it be acceptable to use plastic bags for leaf waste disposal.

### Year-Round “Pothole Hotline”

**To Report Potholes & Emergency Street Repairs... please call (732) 726-2325 with precise location.**

**Snow Removal Procedures:** During the winter months the safety of Woodbridge Township residents is a primary concern of the Department of Public Works. When a winter storm event is in progress the Department is prepared to respond and utilize all personnel and equipment necessary to remove snow and ice from the roadways. As a rule, arterial and primary roads are plowed and salted as a first priority. Once these roads are cleared, the plowing and salting begins on all other roads.

Residents can greatly assist snow removal operations in the following ways:

1. When snow is predicted, remove all vehicles from streets until plowing is complete.
2. Do not shovel snow into the street.
3. Please remember that when the plow goes by, snow will be deposited on your driveway apron.
4. Play it safe! Do not drive unless it is absolutely necessary.

# Tip\$ On Being Green ... AND SAVING MONEY!

## THESE WILL SAVE YOU MONEY...

- ◆ **Don't leave your appliances on standby.** Use a power strip wherever possible. Appliances use about 40% of their energy in standby mode
- ◆ **Recycle & Compost.** Every ton of recycled office paper saves 380 gallons of oil. Recycling an aluminum can uses 95% less energy than making a can from new materials. Between 25-40% of municipal solid waste is organic material that could be composted. For more on proper composting, go to: [http://www.ehow.com/how\\_5561703\\_store-home-compost.html](http://www.ehow.com/how_5561703_store-home-compost.html)
- ◆ **Reduce the number of miles you drive.** Walk, bike, or take mass transit whenever possible. Avoiding just 10 miles of driving every week would eliminate about 500 pounds of carbon dioxide emissions a year.
- ◆ **Buy locally grown and produced foods.** The average meal in the United States travels 1,200 miles from the farm to your plate. Buying locally will save fuel and keep money in your community. By attending the Woodbridge Farmer's Market you can help reduce the amount of energy required to produce and transport your food by one-fifth.
- ◆ **Reuse your shopping bags.** In New York City, one less grocery bag per person would reduce waste by 5 million pounds and save \$250,000 in disposal costs.

## THESE WILL SAVE YOU MORE MONEY...

- ◆ **Buy compact fluorescent light bulbs (CFLs).** They will prevent 300 pounds of CO2 every year from polluting our air. Fluorescent light bulbs use 60% less energy than regular bulbs and last 10 times longer.
- ◆ **Get a programmable thermostat.** Keep it down 2° in the winter & up 2° in the summer. You could save about 2,000 pounds of carbon dioxide a year with this simple adjustment.
- ◆ **Get a home energy audit.** Find out where your home is poorly insulated or inefficient. This action can save 30% and 1,000 pounds of CO2 a year.
- ◆ **Plant a tree.** A single tree will absorb one ton of CO2 over its lifetime. Their shade will reduce temperatures in urban areas. Tree leaves and roots act as natural water filters that trap pollutants. If trees are properly placed around buildings they will reduce air conditioning and heating costs.
- ◆ **Switch to green power.** In some cases, you can get government refunds for switching. Also, you can earn money by selling the extra energy you produce and don't use for yourself.

# Shop WOODBRIDGE!

**When  
YOU  
BUY  
Locally:**

- **It helps out the environment.** Buying locally saves transportation fuel.
  - **It nurtures our community.** Studies show that local businesses donate to community causes. Support the businesses that support us!
  - **It makes us unique.** There's no place like Woodbridge! We are a Township of neighborhoods. Where we shop, where we eat and hang out — all of it makes our neighborhood home. Our businesses and business districts are part of what make us special and a great place to live.
  - **It creates jobs.** Local businesses are the best at creating jobs for our residents.
  - **It improves your health.** If you can walk to your local stores, you become healthier in the process.
- 
- **Buying locally is an investment in the community.** Local businesses are often owned by people who live here, work here and are invested in our Township's future.
  - **You get better service.** Local businesses often hire people who have a better understanding of the products they're selling and take more time to get to know their customers. More often than not, you are dealing with other Woodbridge residents.
  - **It ensures our success.** Woodbridge Township is only as successful as our local businesses. We all take great pride in our business districts and our thriving downtowns. ***Support them, and they will support us!***
  - **Buying locally boosts entrepreneurship.** Entrepreneurship fuels America's economic innovation and prosperity and serves as a key means for families to move out of low-wage jobs and into the middle class.
  - **It keeps dollars circulating in our economy.** Local businesses are more likely to utilize other local businesses and services.

*Good for you, good for our economy*
